Dear Mr. Eglick,

Thank you for the clarifications and request. I did not expect you to require all the documentation on hand regarding these matters and to request more specifics when appropriate. As you request, I will put these in electronic form as attachments.

Unfortunately for me, I have an out of state family gathering with a family elder and do not return to the area until next week. Therefore, I respectfully request one week delay, July 14th 5pm, to deliver the documents.

Kindly let me know if that is acceptable and if time frames can be adjusted accordingly.

Thank you,
Mark Cole

Greetings all:

Attached is an e mail received from Mr. Cole today. In the future all such communications should be shared by the sender with all participants with evidence that it has been shared shown on the communication.

I have reviewed Mr. Cole's request for an extension to "July 14." I assume the request meant to say October 14. In any event, I am declining to grant the extension requested. The Code encourages prompt resolution, as possible. It also requires specificity in complaints. The 9/16/2016 letter setting a schedule gave considerable leeway and ample time in providing items and specificity that arguably should already have been provided.
